The county national committees (KNV) of Karlovy Vary (N51/P69) and Hradec Kralove (P51/G71) will reportedly be abolished within one year. The reason given for this action is that these regions have such small populations that their administration can be taken over by neighboring regions. The rumor has spread among the population, however, that the KNVs will be reorganized along the lines of the Soviet gubernii(administrative regions). Soviet officials are participating in the reorganization.
